## ATTENDANCE APP

### Ensuring Child Safety

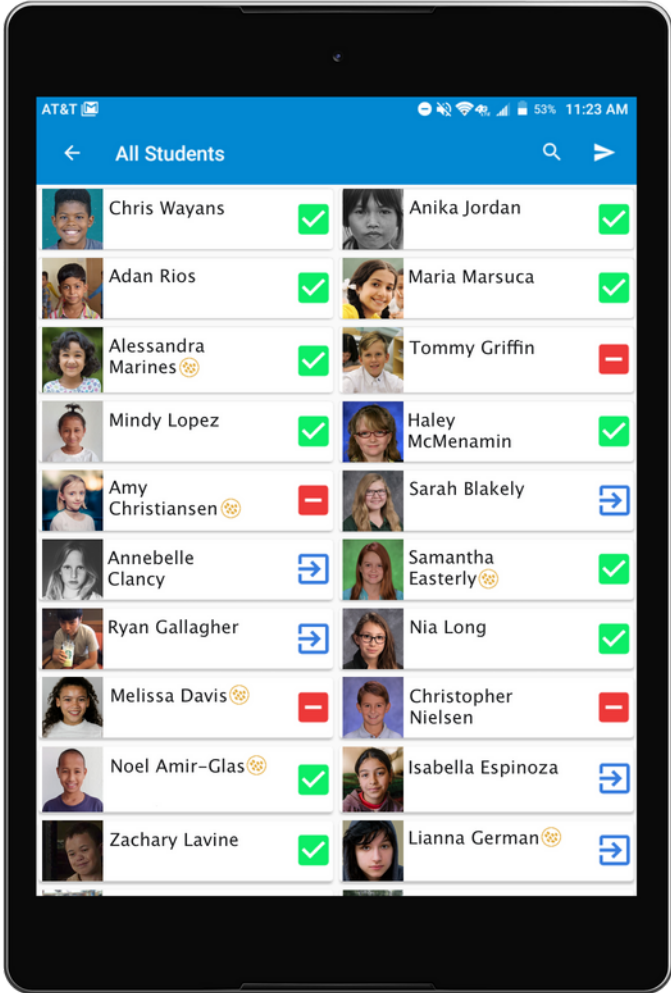

Aphelia Student Connect automates the attendance management of students in classroom. It is a product by **Technuf** from their Aphelia Connected School Solution.

**1 REAL TIME ATTENDANCE**  
It allows users to check in/check out students with guardians' signature. This information is stored and accessible real time.

**2 ELECTRONIC SIGNATURE**  
With the Check Out feature coupled with Guardians' signature provides enhanced student safety.

**3 AUTHORIZED PICKUP**  
Parents have a web portal to manage Authorized Pickups, view Student Details.

**4 PARENT NOTIFICATION**  
When a child is absent, admins can send email and/or text notification from the system.

**5 SCHEDULE ABSENCE**  
Parents can simply schedule an absence from the portal which immediately flags the teachers' rosters. No more phone calls!

**6 REPORTING**  
Enables admins to monitor attendance of all classes through real-time reporting.
